Thanks Eric, we will check with our team to see which dates/times work best.
Is Earl's meeting on the 14th a full-day meeting? Thanks, Jim.

Subject: QEAFate Modeling Meeting

During last week's management meeting, we identified the week of July 12th as a possible time for meeting on the QEAFate model. Early Hayter will be in Seattle on July 14th for a meeting on a site in Northern Idaho. We would like to coordinate this meeting with his schedule if possible and meet in Seattle. Please let us know if that will work for your team.

Thanks, Eric
